

JJShine Stainless Steel Kitchen Sinks

Shine of Purity and Quality

ABOUT US

We understand that your Kitchen is more than just another room. As the most vibrant and visible intersection of the modern home, it needs to be comfortable, functional, and versatile - as well as attractive and inviting. It's a personal setting that reflects your unique spirit and style.

You will find our sink to match the awesome design theme you have in mind. Our sink achieves a dazzling presence for your kitchen and is a perfect complement to professional-grade appliances set against today's rich palette of stone, quartz, and solid surface counter tops.

Combining the highest quality materials and artisan's attention to line and detail, our sinks satisfy the consumers who dream the very best. It is our deep-seated belief that our sink can make your life in the kitchen easier.

KNOW YOUR SINK

- JJShine Kitchen sinks are made from 100% non-magnetic, corrosion-free high grade stainless steel.
- Ceramic undercoating is available on demand. It absorbs additional sound and protects against condensation.
- Do not remove PVC lamination before installation.
- Do not put an acid or similar liquid, which harms stainless steel, inside the sink.
